Information : The beautifully boutique city resort style with relaxed setting and modern community mall in Hua Hin downtown has been designed by professional architecture.

This relaxed setting was the basis for creating the resort, and the concern for the local environment is paramount in every thing we do and this applies particularly for our care of the environment.

The design is a stylish blend of Thai and contemporary elements. They will at the same time provide guests with privacy and stunning ocean views.

In particular there are two unique elements to the design of the resort,

The G. Hua Hin Resort & Mall. The Community Mall is outdoor mall with opening walkway that prepared for guests convenience.

This property is really focus on our key unique selling point, this being the location, it is intimate, tranquil and located in a position that separates it from many other resorts in Hua Hin.

The G. Hua Hin Resort & Mall has prepared a wide range of exclusive services by our Butler and every team members to ensure the greatest privacy, comfortable and impression during the stay.
